1 Introduction

Times new roman font, 12 pt, 1 space, text alignment left and right, 1 column, citation arranged based on ordered citation found in article with using citation system number in bracket [], with numbering arabic number 1, 2, 3, and so on. The first citation found, given citation number 1, example citation become like this [1], and so on.

Writing manuscript cites (citation) use ordering [arabic number], examples [1] if one reference; [2], [3] if two references; [4], [5], [6] if three or more references in which order; and [1], [4], [7] for not ordered number. References/cites number arranged based on reference order which first time found in article.

2 Method

The part of method not copied directly from thesis.

Method is collection work from implementation of research, start from implementation ways of data recruitment until data analysis.

3 Result and Discussion

The content of result and discussion made in one unified whole. Result is not raw data, however using data which was processed/analysed with method was setting. Discussion is result comparation that obtained with concept/theory already exist.

Table and Figure should be referred to article manuscript, with \textbf{total maximum is 5}. For examples the table is 2, so the Figure allowed maximum 3.
Table line only horizontal line be allowed. Table number using numbering Arabic number 1,2,3, and so on, Times New Roman font, 12 pt, 1 space, see right samples on Table 1 and Table 2. Whereas, table not suitable with format could be seen on Table 3.

Otherwise with Figure, the numbering system like numbering on table. Figure number using numbering Arabic number 1,2,3, and so on, Times New Roman font, 12 pt, 1 space.

In this template, given some Figure samples to facilitate in understand Figure which become Journal of Tropical Pharmacy and Chemistry standard.

Look at example on Figure 1, Figure 2, Figure 3, and Figure 4, as well as Figure 5.

Example Figure not accepted on Journal of Tropical Pharmacy and Chemistry could be seen on Figure 6.

Figure 6 could be modified become Figure can be accepted on Journal of Tropical Pharmacy and Chemistry like as Figure 7.
